1 Securities with intra-day activity will not display information in the following data fields: Trade Date, Cost Basis/Current Face Value, Total Cost, Unrealized Gain/Loss \$, Unrealized Gain/Loss \$, and Today's \$ Change values. Securities with intra-day activity will also be displayed in italics

xx Cost information for this tax lot will not be reported to the IRS. Unless otherwise indicated, cost for all other lots will be reported to the IRS. Please contact your Financial Advisor for assistance.

The market value for options is based on the current bid/ask. Where applicable, the change in price is based upon the last actual trade

These valuations reflect securities or assets held in your account. The prices indicated are obtained from sources considered relable, but may not represent actual market values. For bonds that receive principal paydowns, bond valuations may change before principal payments are received from the issuer ar

Cost basis for fixed income tax lots has been amortized (for securities purchased at a premium) or accreted (for securities purchased at a discount), when possible, for applicable securities.

The Estimated income schedule provides the estimated interest and dividend income based on current holdings. These estimates are for informational purposes and do not represent official estimations of income flows for your holdings. The income flow on variable rate coupon and step coupon securities will be based on the most recent reported coupon, if available. There will be no income shown for range rate floatester as it is impossible to determine whether they will be in their payment vincole. This is only a rough guide.

Milds on on the well-depring or interest each flow due to principle reported under the coupon principle. The interest income on MBSs is based on the average life calculated on each security by our proprietary propayment monotable. The income flows of the principle of the interest income on MBSs is on the average life calculated on each security by our proprietary propayment monotable. This is only a rough guide.

MidSs on on the well-depring or interest each flow due to principle against an interest in the properties of the development and surface in the properties and the interest in the properties and the interest in the properties and the interest in the prope

Common stock and fund dividends are based on the most recent dividend payment. Dividends are not guaranteed and are subject to change or elimination. Past performance is not a guarantee of future results. Due to the unique process of redemption and creation of exchange-traded funds, an irregular (high or low) payment could occur during a given period causing an oversite terms of unique process of redemption and creation of exchange-traded funds, an irregular (high or low) payment could occur during a given period causing an oversite terms of unique process of redemption and creation of exchange-traded funds, an irregular (high or low) payment could occur during a given period causing an oversite terms of unique process of redemption and creation of exchange-traded funds, an irregular (high or low) payment could occur during a given period causing an oversite terms of unique process of redemption and creation of exchange-traded funds, an irregular (high or low) payment could occur during a given period causing an oversite terms of unique process of redemption and creation of exchange-traded funds, an irregular (high or low) payment could occur during a given period causing an oversite terms of unique process of redemption and creation of exchange-traded funds, an irregular (high or low) payment could occur during a given period causing an oversite terms of the unique process of redemption and creation of exchange-traded funds.

The Consensus Rating represents the majority rating of more than 700 financial institutions (proken; investment barries and independent research firms) worldwide that follow a particular security. The consensus rating may not reflect the rating that Wells Fargo Securities, LLC, or Wells Fargo Advisors' correspondent research providers assign to a particular security, nor does the rating that Wells Fargo Securities, LLC, or Wells Fargo Securities, LLC, provides a current rating on a specific security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security, nor does the research providers assign to a particular security and the research providers assign to a particular security and the research providers assign to a particular security.

Consensus Ratings are provided by Analyst Coverage. Wells Fargo Advisors did not assist in the preparation of the consensus information, and its accuracy and completeness are not guaranteed.

Please Note: During the late evening and early morning hours, weekends, and holidays, account balances may fluctuate significantly and not reflect accurate values due to pricing updates received throughout the night.
